Description Create Simple maintenance page for the upgrade of forkred/production instance. Find a way to redirect all but our requests to a maintenance page. Solution1: Use apache htaccess with mod_rewrite to rewrite all requests if they have a special directory. otherwise make redirect Research: apache - htaccess redirect all pages to single page - Stack Overflow https://stackoverflow.com/questions/3522921/htaccess-redirect-all-pages-to-single-page Simple HTML Maintenance Page for Apache using rewrite_module · GitHub https://gist.github.com/jdeathe/206919260c8bd7e8b609471be9486ada

History

#1 - 16.12.2020 18:47 - Marc Egger

- File clipboard-202012161846-yvpgl.png added

Solution:

- Add the following lines to Typo3 .htaccess above comment "Rules to set ApplicationContext based on hostname"

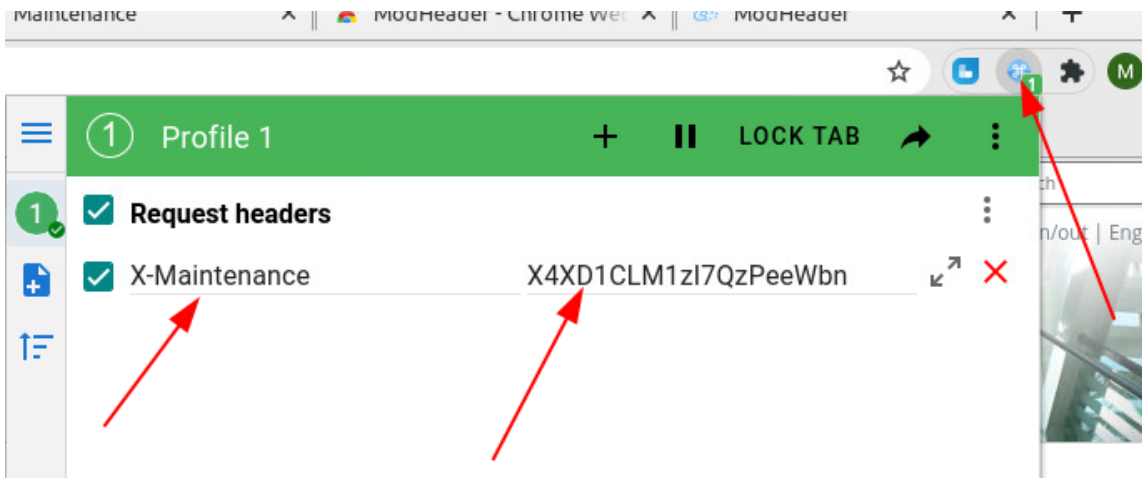

```
##### Maintenance #####
#
ErrorDocument 503 /%{ENV:CWD}maintenance.html
RewriteCond "%{HTTP:X-Maintenance}" " !^X4XD1CLM1zI7QzPeeWbn"
RewriteCond "%{ENV:REDIRECT_STATUS}" !=503
# Uncomment this line to activate maintenance mode
# RewriteRule ".*" "-" [R=503,L]
#
##### End Maintenance #####
```

- Add maintenance.html in the same directory as .htaccess with the following content:

```
<!DOCTYPE html>
<html>
  <head>
    <title>Maintenance</title>
    <style>
      body{color:#666;background-color:#f1f1f1;font-family:sans-serif;margin:12%;max-width:50%;}
      h1,h2{color:#333;font-size:4rem;font-weight:400;text-transform:uppercase;}
      h2{color:#333;font-size:2rem;}
      p{font-size:1.5rem;}
    </style>
  </head>
  <body>
```

```
<h1>503</h1>
<h2>Temporarily Offline</h2>
<p>This site is currently closed for maintenance. Please check back again soon.</p>
</body>
</html>
```

- Install google Chrome extension "ModHeader" <https://chrome.google.com/webstore/detail/modheader/idgpnmonknjnojdfkpgkljpfnnfcklj/related?hl=en>
- configure http header in modHeader extension with name X-Maintenance and value X4XD1CLM1zI7QzPeeWbn

- The page should now be accessible from your browser but not from elsewhere

- Related to Support #11741: upgrade Typo3 9.5.22 (forkred) added

#3 - 22.01.2021 11:36 - Marc Egger

- Status changed from New to In Progress

#4 - 16.03.2021 17:17 - Marc Egger

- Status changed from In Progress to New

- Assignee changed from Marc Egger to Carsten Rose

In diesem Ticket habe ich beschrieben wie man mit .htaccess eine Maintenance page anzeigen kann.

soll ich dies noch an einem andern ort dokumentieren?

gehört nicht wirklich zu QFQ. eher zu web administration.

#5 - 03.05.2021 20:47 - Carsten Rose

- Tracker changed from Support to Feature
